

# U.S. Photo Essays & Autographed Plate blocks!

We are pleased to offer you photo essays and designs and autographed plate blocks from the estate of Sol Glass, renowned US philatelic writer and longtime member of the US Citizens Stamp Advisory Committee. This committee helped select and approve designs for US stamps. Mr. Glass was also intimate friends with most of the designers and engravers of US stamps. Most of his material is extremely scarce with only a handful known of each item. Whether you wish the Photo essays or designs or the autographed plate blocks, they are ideal for serious exhibitors and collectors of any topic!

## Photo Essays and Photo designs

Photo essays were photographed proposed designs of stamps that were never issued and often contain topical elements not found in the issued stamp. Approved photo designs are also listed and these are usually signed by the designer or engraver. Please note that other proposed designs may be in stock than those listed here. Photocopies or e-mailed images available on request.

## Autographed Plate Blocks

These are mint plate blocks autographed by the designer, lettering and frame engravers. Also listed are plate blocks that are signed by the famous individuals who inspired the issue.
