**Atlas of Insects  
 on Stamps of the World by**

Entomologist/Philatelist Dennis Hamel  
 This informative 738 page book is set up primarily  
 as a check list of insect stamps from the earliest  
 insect stamp in 1891 through 1991. It is divided  
 into three parts. Part I is an alphabetical detailed  
 listing by country and part II is an alphabetical  
 listing by scientific names of insects. Part III  
 includes the common names of insects on stamps.

These main sections are interspersed with  
 illustrations and remarks about the countries,  
 stamp artists, insect habitats etc. as well as  
 anecdotal stories. Every "entomo-philatelist" needs  
 this encyclopedic work! Price ..... \$40.00
