

# U.S. Photo Essays & Autographed Plate blocks!

2017

We are pleased to offer you photo essays and designs and autographed plate blocks many of which originated from the estate of Sol Glass, renowned US philatelic writer and longtime member of the US Citizens Stamp Advisory Committee. This committee helped select and approve designs for US stamps. Mr. Glass was also intimate friends with most of the designers and engravers of US stamps. Most of this material is extremely scarce with only a handful known of each item. Whether you wish the Photo essays or designs or the autographed plate blocks, they are ideal for serious exhibitors and collectors of any topic!

## Photo Essays and Photo designs

Photo essays were photographed proposed designs of stamps that were never issued and often contain topical elements not found in the issued stamp. Approved photo designs are also listed and these are usually signed by the designer or engraver. Please note that other proposed designs may be in stock than those listed here. Photocopies or e-mailed images are available on request.

## Autographed Plate Blocks

These are mint plate blocks autographed by the designer, lettering and frame engravers. Also listed are plate blocks that are signed by the famous individuals who inspired the issue

940 Veterans of WWII, signed \$150.00

## Photo Essays

The following is a sample from our enormous stock. As many of the essays have other topics represented, feel free to request photocopies. ### Cachet Artwork:

#### **NEW!! Kolor Kover and Colorano**

**Artmaster Archives:** We are proud to be the owners of an amazing stock from the Artmaster Archives from 1948-2001 that has both the original Artwork used for the cachets and the metal plates from which they came. Also included are many House of Farnam Artwork The artwork typically measures 15' high by 13" wide. Engraving plates measure approximately 3" x 4 1/4"

**Art Craft Archives:** We are the exclusive sellers of the ArtCraft original production artwork and engraving plates from the Washington Press archives. The artwork and plates being sold are from the period between 1939 and 2002. Although art boards may vary in size, they are usually 11' high by 14" wide. Engraving plates measure 3" x 8" and weigh approximately 1/2 pound.

**Jack Davis:** Original Artwork from cachet maker Jack Davis who sold covers in the 1970's and 1980's. With a few exceptions, each piece of Artwork measures 8 1/2 inches x 11 inches (21.6 cm x 27.9cm) and is pen and/or pencil on paper. The majority of these are the final drawings for the cachets. In addition some have notes he made about the issue, his intentions and sometimes printing guidelines.

**Ralph Dyer:** Among the earliest cachet makers who produced significant quantities was Ralph Dyer who started in 1926. We offer the original artwork used as a template for his hand painted cachets. He also designed many printed cachets for the Washington Stamp Exchange in the 1930's. Some will have his notes and most measure approximately 3" x 4.25" (7.5cm x 10.8 cm) They are typically pencil on tracing paper so are translucent and have been folded once along the top edge.
